INTRODUCTORY

The 1963 is the 14th edition of the Saskatchewan Chinese Directory. The work embodies a resume of the Commercial, industrial and social interests of the community. It is a functional directory in all its parts and includes all the essential features which have pro ven so satisfactory to our patrons in previous issues. The best of these have been retained and amplified and improvements have been added in order to increase the value and usefulness of the directory to meet the requirements of patrons.

ALPHABETICAL LISTING

The most notable change in the present volume is the improved method of listing. All Chinese firms are grouped according to classification and wherever possible the name or names of the owner of each business firm is supplied. The second section consists of an alphabetical listing of all Chinese citizens in the cities listed in the Saskatchewan Directory.

ACCURACY AND RESULTS

The complete organization and resources of the publishers were employed to produce the present volume. With its staff of skilled and experienced translators and compilers the publication is geared for accuracy, thoroughness and results.

ADVERTISING IN THIS DIRECTORY

An important function of this directory is to set forth the characteristics and advantages of Saskatchewan to the Chinese people, as place of residence, as a business location and as an industrial site. The directory acts as a mirror, reflecting all that is noteworthy of Saskatchewan in the above respects. In order to spread

this information, the publishers have placed copies of this directory in all major Canadian cities so they may be readily available for reference by the public. There they serve as perpetual information on the Chinese community as it really is. The publishers take this opportunity of thanking the citizens for all the valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business associates for this directory. Also the public spirited and progressive business and professional men for their support given in the way of patronage.

Respectfully,
The Publishers.

CHINESE CUSTOMS

A birth of any kind is a joyful event in China, and in fact, the expression 'there is a you' or 'your lady has a joy' is the ordinary way of saying that an interesting family event is expected. In parts of China several jars of wine are put aside when a girl is born to be served to the guests at her wedding.

Children are a year old at birth. Each New Year they become a year older. They always walk behind their elders. Duty to parents is a lifetime virtue. Children are taught that rice is the staff of life; it must never be wasted. Each grain left in the bowl may be a pock mark on one's future bride.

The old custom of binding a girl's feet as a child to keep them small and dainty has disappeared and the custom of men wearing pigtails has long become a thing of the past.

Surnames precede given names. Thus, in Li Hung-chang, late premier of Chang Dynasty, Li is the surname.

A Chinese written character has the same meaning in all parts of China although its pronunciation may vary from place to place. The writing instrument is a soft, pliable brush held vertically. It was invented about the Third Century. Paper was invented in China much earlier.

Most of Chinese books are bound on the right hand side. They are read from the back forward and proceeding from top down and right to left. Some footnotes appear at the top of the page.

South is the central point of the compass, which, incidentally, was invented in China.

The symbol 'Fu' (blessing or happiness) is commonly seen written on red paper above doorways. However, if a death has occurred in the household during the previous year, it is written on white or blue paper.

Hsi is the word for joy in Chinese. This character doubled is called 'double joy'. You will always see a big red 'double joy' character at a Chinese wedding ceremony or displayed in a bride's bedroom. The 'double joy' character symbolizes matrimonial felicity: two joys make a double joy and it takes two to make a successful and happy marriage. A husband and wife are united like the two symbols in 'double joy', never to be separated.

White, not black, is the color of mourning. Red color is a good omen.

Professional story tellers are employed to entertain guests in fashionable tea houses in China.

Soup and fish are served at the end, not the beginning of a banquet.

Wines are served warm in winter.

At dinner the host sits opposite the guest of honor, usually with his back to the door. The left side of the table is considered 'higher' than the right.

Finger games may be played for cups of wine at the beginning of a meal. Two players hold out any number of fingers simultaneously and shout out their guesses of the total number held out. The loser, not the winner, drinks the wine.

To drop chopsticks is an omen of bad luck. Finding an unmatched pair at one's plate foretells the missing of a train or boat. Upsetting a bowl of rice is a sign of ill fortune. Deliberately dumping a bowl of rice on the ground is a gross insult to a host.

旅加華僑歷史考

中國人在某年某月或某個世紀開始涉足於加拿大，追之中國歷史，似乎沒有痕跡存在足資稽考，不過有些頗負有盛譽的歷史專家則認爲當西方文明尚屬原始的時代，已有中國人的踪跡出現於北美新大陸。有位大學教授麥僑偉先生，且斷言謂哥倫布尚未發現新大陸的一千年前，已有黃種人流浪到過這地來。

一百五十年前，有位傳道士亦謂彼在中國傳道時，曾發現過中國人經常駕舟到北美的新大陸去，有紀錄遺留下來，根據該項紀錄，中國人當時尚把本省劃入大漢（中國）的版圖。

首批中國人當初在卑詩省建立華僑社會時，因未得到土著的垂青，後來卒被淪爲奴隸。據史載當時有位名叫密斯的英國艦主，他曾在中國載了一批華人到這地來，把他們安置在大陸西岸的金河流域上，自己便溜之大吉，去別尋生路，這位船主後來有

沒有當地重來的行動，則沒有跡象可資証實，這首批中國人被放逐到這地後，爲了生存問題，曾竭力謀在本境建立新社會，這回則有事實的根據，不過他們的努力終於落空，據說當時僑居墨西古的西班牙人，在探悉本地有華僑的足跡後，便派了大批艦隊到這地來把這批華僑全部擄去，以充他們的奴隸。上述的一段歷史，本來與目前僑居加境的華僑完全無關，不過事出有因，既非大話西遊，而是華僑先烈披荆斬棘的一段悲愴歷史，故不能不順帶提及來談談吧。

自從該首批華僑絕跡後，北美新大陸歷陸十年間都未見過中國人的足跡，直至一八五〇年當美國加省發現金鑛的時候，方再見數千華僑結集此地，該批華僑中後來有少數因隨着找尋金鑛的追求而漸流浪到加拿大的麥臣與夫李沙的上流來。抵步五年後，該批拓荒的華僑便首次參加本國的選舉，這次即爲卑詩省舉行省選的首次，不過值得指出的，就是該時卑詩省尚未參加聯邦的中央政府，選舉逾兩年後，本省方正式加入加國的版圖，華僑首次投票的地點，即爲本省古城李魯達(*Lillooet*)。

自斯而後，華僑一直保存選權有四十九年的時間，雖然在選民的名單上，我們是被列爲『外僑』，但當時加國政客對我們的選票，比諸其他正統籍民的，也感覺一樣的重視。

一八八〇年當加拿大正在忙於開闢的時候，安得總建築公司便派船到中國去迎接大批中國苦力工人到這裏來，首次完成橫貫加拿大的公路，其功勞就該歸到華僑的身上。直至鐵路告成，火車能由加東的滿地可直達到加西的昧舞地時，已有一萬五千名華僑居在本境了。該批華僑對每次本國的選舉，都曾起了左右性的作用。至於華僑當日確曾參與選舉的明証，可從十九世紀遺下的紀錄中証實，該等紀錄敘述華人每遇選舉的時候，都須在西人監票員面前破碗發誓，以示盡忠。

直至一八九四年，加拿大政府便通過法案，內容規定『所有柴納門(按一指當日西人蔑視中國人的稱呼)均不能在本省的選民名單上報名登記，選舉時不能參加投票』。這樣，該法律實施後，中國人雖忠心耿耿，肯在西人面前破碗發誓，可惜也終於枉費心血。黃連加國首相對中國人嘉許的一番由衷之言『若果沒有中國人的幫助，恐怕詩丕亞鐵路和加西的各項鑛業，其完成和開闢的階段，總是遙遙無期吧。』不過這番感恩的衷心話，在種族成見過深的人們的心裏，是不會發生多大的影响的。

卑詩省政府既通過新例，遞奪華僑選權，在當時克苦耐勞的華僑看來，一點也不感覺詫異，因爲他們的命途，早在三十年前已開始遭逢厄運了。

橫貫加拿大的詩丕鐵路告成後，旅加華僑史歷又步入新階段，大多隨着鐵路建築的完成而告失業，由於此地謀生較諸中國能得更厚的報酬，所以大多華僑不願回返中國去，而寧在這個荒蕪的邊境來繼續奮鬥，有些較爲雄心的還投到加拉補（本省北部）去探尋礦床，可惜找不到若何成績，依然如故的沒法解決生活。

當時美國南北內戰適值結束，但帶來的慘酷後果却是種族仇恨，該氣一時宙厲風行，黑人固首當其衝，而東亞人也被牽及，首次露出種族歧視的証據，就是美國的礦業公司，陳列排亞標語，限制東亞人開礦；懷奧明省的赤泉埠上更發生流血的慘劇，暴動伸到華埠，廿八名華僑慘遭殺害，整個華埠的居民也被驅逐一空，美國南北戰爭結束不及六年，而太平洋沿岸的排亞運動，一時風起雲湧，羅省又有廿二名華僑慘被戕害，還有無數的被毆傷，禍患漸蔓延到加拿大來，其程度雖沒有美國那樣劇烈，但雲埠唐人街亦發生暴動，本埠華僑奮起迎擊，用棍棒刀劍等武器把暴徒驅散，華埠的商店大多已被摧殘破廢，後華僑將情向奧京最高法院起訴，卒獲政府補回損失十萬元。

晚近半世紀以還，西人中能認識華人之真正價值者，爲数尚不過多，在不少的西人心目裏，每位中國人不外還是『虎面周』或電影上所描繪的差李陳的一樣人物吧了。

經過此次的暴亂，華僑只有結集在華埠等候局勢的轉變，他們該時的職業機會，亦只限於家僕，衣館餐館耕園等手藝工作，幸而彼等均皆克苦耐勞，所以在這些工業方面頗有造就，尤以他們所耕的園，散佈於肥沃的哥林比河流域上，不久卒成本省舉足輕重的民族。

近年來，華僑在加的社會地位已日漸改善，華生不獨在西人學校顯現出類拔萃的人才，且在各種高尚職業中亦見彼等時露頭角。戰爭年間，更見華青年司身軍中，與西人方面並肩作戰，發揮了中國人的優良傳統，在此種光輝的成績下，卒破碎西人對華僑一向所抱的錯誤的黃禍觀念，而此刻已獲西人認爲是加拿大公民中的有用成員。

CHINESE CANADIAN ACHIEVEMENTS

The recent achievements of two young Canadians of Chinese origin provide striking examples of how the Chinese are becoming integrated into Canadian life. Douglas Jung was elected to the House of Commons in 1957 and again in 1958 to represent Vancouver Centre. He is the first Canadian of Chinese origin to become a Member of Parliament. Betty Chan's achievement was in quite a different sphere. This Chinese schoolgirl of Saskatoon invaded Scottish preserves when she won the Gaelic Society's challenge trophy for Highland dancing at the Winnipeg Highland Games in 1956. Since then she has gone on to win competitions in other parts of Canada.

These young Chinese Canadians are descended from one of the oldest ethnic groups in Canada. In 1958 when British Columbia was obs-

erving the centennial of its founding as a crown colony, the Chinese were celebrating the hundredth anniversary of their arrival in Canada. According to some reports, Chinese first came to Canada before 1858. Some were believed to have come with British explorers, such as Captain John Meares, who sailed to the west coast of Canada from China. But exact information is lacking and in any case no permanent Chinese settlement resulted from these expeditions.

ACHIEVEMENTS, PAST AND PRESENT

Probably the most important contribution of the Chinese to the early development of Canada was the part they played in building the Canadian Pacific Railway, which has already been noted.

Before the railway was built, when British Columbia was virtually cut off from the labour supply in eastern Canada, the Chinese contributed towards the industrial growth of the province. The early mining, lumbering and fishing industries in British Columbia all owe much to the energy and capacity for hard work of the Chinese. Those who became domestic servants and opened laundries also filled a need in Vancouver and other west coast centres.

After 1885, when the big days of railway building were over, many of the Chinese who remained in Canada turned to market gardening or the laundry and restaurant trades. Chinese restaurants soon became a familiar sight in urban centres and a Chinese restaurant was often the only place where meals could be obtained in a small Ontario or Prairie town. Chinese food has become popular with many Canadians who make a practice of going frequently to their favourite Chinese restaurant.

Today Chinese are taking their place beside other Canadians in a wide range of occupations. They are running canning factories, service stations, drug stores, importing agencies, commercial greenhouses, and farms - to name only a few of the enterprises in which they are engaged.

Horticulture is a field which has appealed to a number of Chinese. Dr. Allan P. Chan, for example, is considered to be the top Canadian authority on floriculture. Since 1947 he has been senior horticulturist in charge of floriculture research at the Dominion Experimental Farm in Ottawa. Dr. Chan is the author of a useful and popular handbook, 'Living with House Plants,' which treats such aspects of the subject as soil preparation, transplanting, slipping and plant disease. Flower growing appears to be a family interest of the Chans for his brother Emery F. Chan operates greenhouses near Montreal. In Vancouver, a new system of 52-week growth for chrysanthemums has been developed by Ed and John Lum, who grow the 'mums' under glass with the aid of electric light. This means that these flowers are available at all seasons of the year.

In another branch of science Dr. Peter Mar is making a useful contribution. He is a biochemist with the Department of National Health and Welfare and is the head of a laboratory on Ottawa's outskirts which checks any increase in radioactivity from nuclear explosions.

Each year a few more Chinese are entering the medical profession. Dr. Dodd Chu, a graduate of McGill University, was appointed to the staff of the McGill Faculty in 1953. The first Chinese in Canada to become a fellow of the Royal College of Physicians was Dr. J. Chang, an anaesthetist practising in Vancouver. Comparatively recent arrivals in Canada are the Lou brothers, both of whom are doctors. Dr. Peter Lou is on the staff of St. Valier Hospital in Chicoutimi and his brother is at Laval Hospital in Quebec City.

Dr. Henry Lore, a graduate of the University of British Columbia, has practised medicine in Toronto for many years and is a leading citizen in the Chinese community there.

Engineering in its various branches has attracted many young Chinese. Frank B. Lee, for example, has been assistant chief engineer of Cossor (Canada) Limited in Halifax and Lewis H. Chow an aeronautical engineer with Canadair Limited in Montreal. At the National Research Council in Ottawa Ben Quan is a mechanical engineer, and Edmund Chung is employed as chemical engineer with a Montreal firm.

Two of the first Chinese lawyers in Canada were Charles William Sing of Winnipeg and Dock Yip of Toronto. The first Chinese to be called to the bar in British Columbia was Chow Will Yem. After serving for two years with the R.C.A.F., he took a law course at the University of British Columbia and received his degree in 1952. Margaret Gee, the first woman of Chinese origin to become a lawyer, was called to the bar in Vancouver in 1954. Miss Gee also has another first. In 1958 she became a reserve pilot officer in the R.C.A.F., the first Chinese woman to have won such a rank.

In quite a different field another Chinese woman has played an interesting part. In 1957 Ruth Lor, a graduate of the School of Science, University of Toronto, spent the summer at Frobisher Bay Baffin Island. She was associate director of the first work camp sponsored by the Canadian Council of Churches and the Department of Northern Affairs. The purpose of the camp was to help Eskimos build a medical, education and rehabilitation centre for the Eastern Arctic at Frobisher Bay.

Many Chinese in Canada have become Christians. Some of the larger communities have established their own churches with Chinese ministers. The Reverend Andrew Lam, former rector of the Chinese Anglican Church of Vancouver, is the first Chinese pastor to be called to a church attended by Canadians of all ethnic origins. In 1957 he was appointed rector of St. Barnabas Church in Winnipeg. Mr. Lam, a graduate of the University of British Columbia and the Angl-

ican Theological College of British Columbia, was ordained in 1941. He was the first clergyman to hold regular services in both English and Chinese.

The Chinese approach to painting is reflected in the work of Chuck Yip, a young Vancouver-born artist. But although oriental influence is apparent in his style, the inspiration for much of his work is drawn from the trees and plants of his native province. In 1956 Chuck Yip held his first one-man exhibition in Vancouver. Recently he has been teaching fabric design at the Vancouver School of Art and has successfully designed fabrics for mass as well as hand production.

An outstanding athlete is Calgary-born Normie Kwong, who has played fullback on the Edmonton Eskimos football team for seven seasons. In 1955, Kwong, the 'China clipper', was voted Canada's athlete of the year by the nation's sports writers and sportscasters.

The achievement of Douglas Jung has already been mentioned. During the war Jung served with the Canadian Army as an intelligence officer in the south-west Pacific area. A few years after his return to Canada, he went into law at the University of British Columbia and graduated with a bachelor of laws degree in 1954. Almost immediately he was called to the bar. His initiation into politics took place in 1956 at a provincial by-election. He lost them but when a more severe test came in the federal election a year later he won the seat.

In his maiden speech in the House of Commons Douglas Jung made this remark: 'I am aware of the tremendous responsibilities which rest upon me, not only as the first member of my race to sit in this House, but also to my constituents who have thought at all times of me only as a Canadian.'

Situated on the fertile banks of the mighty South Saskatchewan River is picturesque Saskatoon whose incorporation as a city dates back to 1882. This thriving northern metropolis of Saskatchewan showed promise of its potentiality at the turn of the century when it had been flatteringly referred to as 'Miracle City of the West'.

Ideally located in the heart of the world's greatest grain growing area, Saskatoon is the site of the University of Saskatchewan with its famed college of agriculture. But the city is even more important economically since the entire region is enriched with natural resources including valuable deposits of oil, natural gas, salt and potash.

Additionally, she is the hub of a large and rich trading area which takes in one half of the population of Saskatchewan.

INDUSTRIAL DEVELOPMENT

With its 144 manufacturing plants, Saskatoon is the centre of flour, feeds and cereal milling, meat packing, dairying, including butter and cheese making, egg powdering, chick hatching, oil extraction and canning.

Its diversified industries take in iron work foundries, machine shops, printing establishments, bakeries, breweries, furriers, bottling works, oil refineries, carriage works, planing and woodworking mills, stone works, lithographers, engravers, and the manufacturing of road machinery, furniture, paper boxes, vinegar, clothing, stokers, chemicals, tents and bedding, brushes, candy, crest and pennants and concrete products.

The Saskatchewan Wheat Pool operates a flour mill with daily capacity of over 1,000 barrels. In addition the company owns a vegetable oil plant, a refinery and mixed feed plant. Alltold these enterprises represent an investment of over four million dollars

Water works and electrical energy are city owned. The abundant supply of water from the South Saskatchewan River makes both these items very reasonable to the consumer.

BUSINESS CENTRE

There are more than 1700 business firms in the city of Saskatoon including in addition to 144 manufacturing establishments, 150 wholesale houses and 500 retail stores.

As a distributing centre, Saskatoon extends its coverage to more than 70 square miles embodying 2 large cities and a dozen of large size towns. The entire northern half of Saskatchewan and half of the province's population is served by this city.

TRANSPORTATION SYSTEM

There are 15 railway lines feeding into every part of Saskatchewan, the province whose population trend is shifting northward following discovery of rich natural resources in minerals, timber, oil and gas.

Saskatoon is served by two great railways on the main trans-continental line of the C.N.R. Four trains connect daily with the C.P.R. It is also on the main route of Trans-Canada Airlines. For inter-city communication, the Saskatchewan Transportation Co. provides the city with daily buses to and from all important towns and cities on the prairies.

TOURIST ATTRACTIONS

As a tourist mecca, Saskatoon, fitly known as the 'Garden City of the West' is unsurpassed. There are six bridges, two of which are noted for their architectural beauty, which traverse the South Saskatchewan River.

A dam raises the level of the part of the river flowing through the main portion of the city which slows the current and enhances the appear-

ance of the city. Scenic parks abound along the river's banks.

The Bessborough Hotel and the University of Saskatchewan with its memorial gate at the entrance are only a few of the impressive attractions.

In addition to the University of Saskatchewan there are also located here the Provincial Normal School, the School for the Deaf, Provincial Vocational Training School, four Collegiates, fifteen elementary schools. As an educational centre, Saskatoon serves over 5,000 students from outside the city.

SPORTSMEN'S PARADISE

To outdoor sportsmen, the district around Saskatoon is regarded as ideal hunting ground. Prince Albert park with its famed Manitou Lake is only 160 miles north of the city while Watrous, The beautiful summer resort, is a mere 83 miles away.

The numerous scenic lakes around here are teeming with whitefish, trout, bass, pickerel, pike and gold-eye. Two of the three of the province's watered golf courses are also found here. Other outdoor attractions include a swimming pool, boating club, several bowling greens, artificial ice skating rink, five curling rinks, baseball stadium, exhibition ground and a race track.

"What? Smoke in public?" exclaimed the woman, shocked to her depths.. "Why, I'd sooner kiss the first man who came down the street!"

"So would I," retorted the girl, "but have a cigarette while you're waiting!"

A middle-aged man drove up to an inspection station set up for the convenience of hunters and said he wanted to tag a deer he'd shot. The man at the station took one look at what the man had bagged and drawled: "Heck, man, you can't tag that. You've shot some poor farmer's heifer."

The "hunter" was speechless for a moment, then he said: "Well, by gosh, what a shame! My friend is right behind me and he shot one just like it."
